The tree comes to life with moving eyes and eyebrows that follow guests as they enter the park... gulp.

The mysterious sound...

1

Max and Valentina are having a Halloween sleepover in the garden.

Legend has it, werewolves appear during a full moon...

SQUEAK!

GAAH! W-WHAT WAS THAT?

2

It's Donut's Halloween chew toy, don't be scared!

I'm not scared, I'm, err, cold. Movie instead?

3

Want some popcorn?

Absolutely! Eww, wait... dog toy hands.

That's better!

4

AWOOOOOOO!

So it's about this werewolf-

Werewolf? Really?

5

AWOOOO!

GULP!

6

We have to find out what the sound is, come on!

Or... we could hide under a blanket for the rest of our lives?

7

HOOT HOOT!

Phew! It's just a cute little owl.

Woo, mystery solved! Wait... what's that?

8

AWOOOO!

It's a full moon!

But that means... gulp!

9

Someone or *something* opened the door... let's go find out what!

But what if it's a werewolf, or a ghost... or a clown?

Or all three mixed together!?

10

Despite his doubts, Max follows Valentina to investigate...

That monster better not be in my bed!

Maybe it just wants a little nap?

MAX'S ROOM

11

Okay. Gulp. I've got this...

Hey, were-shadow-monster-ghost-clown-thing, I'm not scared of you...

12

I take it back! I don't got this!

13

It's just a bathrobe. See?

Okay... But what about THAT, in THERE?!

AWOOOO!

14

It's got me, Val! Go on without me, save yourself!

WHOOSH!

15

It's just a vacuum cleaner! Nothing to be afraid of... unless you're a dog!

THUD, THUD

Listen! It's running away!

16

Max and Valentina follow the noise back downstairs...

We mean you no harm. We come in peace...

That's what you say to aliens, not whatever this thing is!

SNIFF!
AWOOO!
SNIFF!

17

W-w-w-WEREWOLF!

18

Watch out, I have a... spoon! And I'm not afraid to use it!

And I've got a... spatula thing?!

CLICK!

19

That's not a werewolf! It's a DONUT!

Looks like he just wanted his chew toy!

20

Back to the movie? Or back to the tent?

Why do we need to choose?

21

What a film!

Yep! Time for bed... just need to tidy Donut's chaos in my room.

Huh? I haven't been in his room...

Comic corner

Mask up with Spider-Man

Your friendly neighborhood Spider-Man needs some help! Are you ready?

Vote for your favorite Spider-Man pose on kids.LEGO.com/marvel-superheroes

Ask your parent's or guardian's permission before going online.

Mask makeover

Spider-Man can't make it to the Halloween party. Can you go in his place?

Follow the steps to create the ultimate mask ready for the celebrations.

You will need:

- A piece of card
- Black marker pen
- Scissors
- Ribbon or elastic
- Red paint, marker, colored pencil or crayon
- A grown-up

1

Draw an **oval shape** on your card. Then **cut it out**, along with two **teardrop-shaped eyeholes**.

2

Color your mask in red! Then use your black marker pen to do a **bold border** around the eyeholes.

3

For the web design, start between the eyes and **draw straight lines** (3 on the top half, 8 on the bottom) to the edge of the mask. **Connect them with 'u' shapes**.

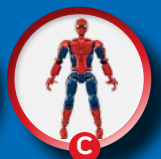

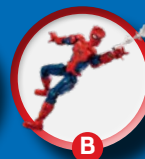

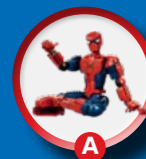

4

With a grown-up's help, **poke a hole** into the left and right edges of the mask. **Thread your ribbon** through the holes and **knot them tightly**.

Perfect poses

Spider-Man has forgotten his next move. Look at the sequence below and write the letter of the missing Spider-Man in each gap. You could try sketching him, too!

The Dragon Gate

Sometimes the toughest tests bring the greatest rewards. Just ask these fish!

LEGO

Story time

Legend tells of a huge waterfall called the "Dragon Gate". It was said that any carp **brave and strong enough** to swim upstream and **leap over the waterfall** would be **transformed into a dragon** and fly into the clouds!

The story reminds us that if we do our best, **we can achieve great things.**

Meet the designer

Discover how LEGO® Designer Chi Wing Lee turned a legend into a brick-built masterpiece. A truly exciting challenge!

Chi Wing Lee

What part of the set are you most proud of?

The entire function that allows the fish to leap over the gate on the seemingly floating gear ring. You will have to build it to find out how it's constructed!

What is your favorite element in the set?

The gear ring in transparent light blue! It's such a unique element to be recolored, and it contributes to the striking composition in the final model.

How was it to bring the legend to life?

It was an honor to work on this set that will hopefully share this wonderful story from my culture to more people around the world.

Celebrate the power in you

What's something you're proud of? Or a dream you'd love to achieve? Write it in the box!

Why not build it with LEGO® bricks too? Take a photo of your Cool Creation and turn to **page 24** to find out how to send it to us.
