Who will be your classmate?

Harry! We would have the greatest adventures together.

Ron, because he's hilarious and loyal.

I pick **Hermione!** She always knows what to do in a tricky situation.

Write the name of a **friend** or a **favorite LEGO® Harry Potter™** character:

Which magical power would you like to have?

I'd like to be able to levitate!

I'd like to be invisible!

I'd like to be able to change into my favorite animal.

Create your own:

Which House would the Sorting Hat™ place you in?

Gryffindor™

The house where brave and kind wizards come together.

Hufflepuff™

A place where loyal friends play fair.

Ravenclaw™

A home for the sharp and the witty.

Slytherin™

The house for clever teamwork and crafty plans.

4. Hufflepuff™ Common Room

Daphne Greengrass is up to no good and trying to sneak into the Hufflepuff™ Common Room while Leanne is relaxing on the sofa.

DRAGONS RISING

1

Before Wyldfyre left the Wyldness, she taught the dragons, Red, Feisty and Sparky, the rules of hide-and-seek.

2

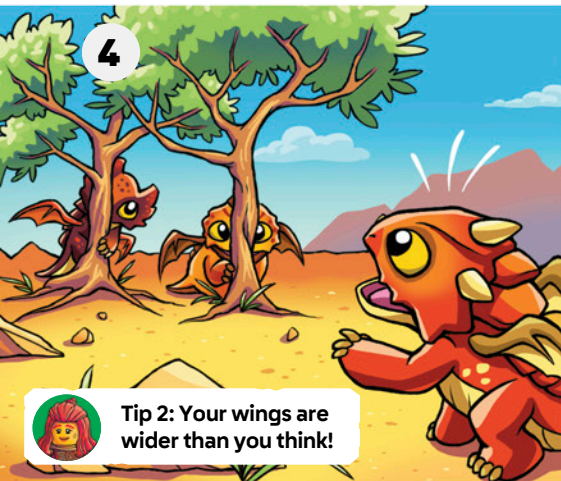

Tip 1: Just because you can't see them doesn't mean they can't see you!

3

4

Tip 2: Your wings are wider than you think!

5

6

Tip 3: Don't hide so well that you fall asleep while waiting to be found!

7

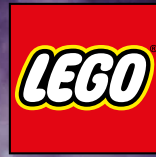

8

Tip 4: If it doesn't go to plan, remember, ninja never quit and neither should baby dragons... well, unless they're really sleepy!

Check in at the château

Renée has renovated a château into a cozy Castle Bed and Breakfast. Now, Zac, Olly and Aliya are visiting. They have all started exploring and picking their favorite rooms.

There are so many interesting historical artifacts in the attic. I'm excited to see what new things I can learn about this place!

I love how the château is decorated. I'm sure the room upstairs is just as beautiful!

Welcome to my Castle Bed and Breakfast! This is my dog; he loves visitors!

I can't wait to explore everything!

Now it's your turn to decorate a room in the château. You can color it and make it your own!

Love the way you build

Hi! My name is Hank, and I am known as @farawaybricks. I live in the United States. I am a video producer, animator, and illustrator, and I enjoy designing LEGO® art in my free time.

I love combining my artistic interests with my LEGO® design work

Sometimes I first use LEGO® bricks to design a character or environment for a drawing or painting!

What LEGO character or scene will you use in your drawing?

I always design models that are small

This allows me to focus on the tiniest details – when your build is six studs wide, every single piece matters!

How big will your next LEGO build be?

I like to design something that looks great, and is super stable too

Making a little scene featuring your two favorite characters helps to learn, and makes scaling up later on easier!

Which characters will you create a scene for?

I choose only three or four colors to work with

When I start a build, I choose three or four colors to work with, and focus on these through the build! This makes for a very clean, complete-looking final build.

What colors will you pick for your next build?

Let's join forces!

Enter open, colorful worlds in LEGO® Fortnite, where you can be creative and silly at once! Gather up resources, face enemies, and build the coolest base. You can go on adventures on your own or with the help of your friends!

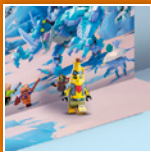

Picture time

Grab your favorite LEGO® Style outfits, and snap a memorable photo together against the backdrop!

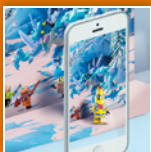

Photo workshop in 3 steps:

1. Fold the page along the dotted line, creating a 'ground' and a backdrop.

2. Bring your coolest creations or minifigures onto this new stage you created.

3. Grab your camera, turn on the light, and capture the magic!

Magic or science?

It was a fun idea to have a silly gift swap this year!

It's gonna be epic! Right, Churro?

What's that thing in the corner, Aliya?

That's for later! First, let's draw our gifts!

MEOW!

3

Can't wait to see what everyone got!

Spoiler: mine's the best!

4

Nice, a cookie-scented jar! Oh no Olly, it smells like stinky socks!

What did I say? It's the best, isn't it?

5

Speaking of... look at these socks! Guess what? I like them!

Now both of your feet can be stylish, each in a unique way!

6

Cookies with frosting! My favorite!

Eww, is this toothpaste?

Because chocolate and mint go well together!
